

RadTech Europe Conference & Exhibition 2023
17 – 18 October 2023
Munich, Germany

NEW FORMAT

Since 2015, RadTech Europe's exhibition and conference is more closely integrated with both events taking place on the same floor and with a business market including poster presentations and new product introductions on the exhibition floor to ensure a high-energy event. In 2023, we are very happy to be back with a live conference after having to host the previous edition in 2021 online.
